CAREER EXPERIENCE

UI/UX Designer - Freelance

Seafoodnakama.com

Bekasi, Indonesia. 7+ mos
Nov 2022 - Present

I worked on web design projects including the responsiveness for the mobile version.
Normally we do the kickoff meeting first and I get a rough wireframe from the Project Manager, then I create the mockup. Got feedback and iterate.
When the mockup is final I convert it into HTML, CSS and JavaScript. Working as a designer and frontend developer makes me know which design is effective and which one is not for the development process.
